

Off-Campus Offerings

FOX VALLEY CAREER CENTER

Fox Valley Career Center (FVCC) serves as an extension of St. Charles High Schools for vocational training programs. The classes at FVCC provide skills for those directly entering a variety of occupations, as well as for students wishing to continue their education at community colleges, technical schools and four-year colleges/universities to further their professional and technical training. Junior and Senior students may enroll in career classes earning 2.5 credits per year toward their high school diploma. Classes meet two periods daily, except for the Cosmetology program which meets longer and students earn 3 credits. Several FVCC programs offer internship and apprenticeship opportunities for advanced level students. If you need additional information, please ask your counselor or contact FVCC office at 630-365-5113. For more detailed descriptions of courses please visit www.foxvalleycc.org.

See the Elgin Community College web at www.elgin.edu/highschool

Elgin Community College Early College Credit Programs

Earn college credits, certificates, and high school credits simultaneously in over 20 career and technical (Tech Prep) programs. All programs and courses lead to associate degrees and beyond. Seniors and some juniors can participate.

Dual Credit—Attend ECC as part of your school day and take courses for certificates and degrees!

Program Choices:

See the Elgin Community College web at www.elgin.edu/highschool *Options for High School Students* for a complete list of degrees, courses, and requirements. Programs and courses may change to accommodate college scheduling. Most courses meet in the afternoon, some may have evening courses. See the web for more information.

How to Enroll

1. Talk to your school counselor. Application and enrollment is completed through your guidance office.
2. The high school approves enrollment of students. Enrollment is limited by seats available to each school.
3. The high school pays tuition and may pay for textbooks.
4. Students pay for required supplies and fees.

Middle College

Japanese and Chinese courses are also offered to high-achieving juniors and seniors.
