NO PARKING IN DRIVER ED RANGE APRIL 6 - 18

Effective April 6 -18, 2017, the Driver Education Range will be closed to student parking. The gravel lot on the northwest corner of Red Gate Rd. and Rt. 31 will be available for parking for vehicles displaying date-appropriate (even/odd) junior parking passes. Vehicles that do not hold the appropriate junior pass, cars that are missing a pass, or cars driven by freshman or sophomore students will risk incurring disciplinary consequences, including towing at the owner's expense.

Students are expected to cross Red Gate Rd. safely at the school entrance stoplight by using crosswalks. Students and families should also plan extra time in the mornings to account for the time to walk to the building from across the street. Students will not be given passes to the gravel lot during the day - it's important that students bring all of their belongings they need for the school day into school in the morning.

If you have any questions, please don't hesitate to contact the Deans' Office.
